PORT ARANSAS SANITATION APPLICATION

The following sanitation service information is provided for customers opening a water account within the City limits of Port Aransas. The purpose is to familiarize new residents with the sanitation service available, cost of the service and billing procedures.

City Code requires all residential units within the city limits which receive water and/or sewer services through Nueces County Water Improvement District No.4 to obtain sanitation services provided by the City. Therefore, whether you own or rent your residential unit, if you are required to obtain a water meter account you are also required to subscribe to sanitation services.

Sanitation services are contracted for the City from Allied Waste Management. When a residential unit starts receiving water, the City starts paying that unit's fee for sanitation services to Allied Waste Management, therefore, your bill is prepaid by the City and then you are billed by the City for this prepayment. Bills are mailed on or prior to the 1st day of the month and are due by the 15th day of the month. Monthly sanitation charge is ($29.75 including tax), and ($27.74 including tax) for customers over 65. ***Senior rate** is not applicable for rental property. Arrangement for additional toter(s) can be made by contacting the sanitation department. The charge for each additional toter will be $29.75 including tax or $27.74 including tax whichever is applicable.

Curbside collection service for the collection of Residential Refuse will be provided two times a week, Monday/Thursday, Tuesday/Friday, or Wednesday/Saturday depending on the location of your residence in the city. You may contact the sanitation department to verify your pick-up schedule. **Toter(s) shall be placed at curbside by 7 a.m. on pick-up day and removed from curbside after your toter has been emptied.** Residential refuse which includes household garbage, tree trimmings, branches, grass cuttings, weeds, leaves, and other yard materials must be placed in toter(s) with lid closed. AWM will not pick-up any loose refuse.

Curbside collection of recyclable materials shall be collected once a week on Monday. Materials placed in the recyclable collection containers shall comply with the acceptable list of recyclable materials designated by AWM. Recyclable materials must be placed in containers supplied by AWM and may be obtained by calling City Hall, 749-4111.

A Residential Transfer Station is located at the end of Ross Avenue. The facility is provided for the disposal of any and all waste materials generated within the city limits. There is a charge of $15.00 per cubic yard of refuse except a paid up sanitation customer may have two trips per month to dispose of residential refuse. The Transfer Station is open from 10:00 a.m. - 5:45 p.m. daily.
