

Adopt-a-Site

A Volunteer-Based Program

Building vibrant communities through volunteers

The Port Aransas Parks & Recreation Department welcomes community volunteers and corporate partners to participate in its Adopt-a-Site program.

The Department maintains over 1,400 acres that provide open space and recreation areas and facilities in Port Aransas. While our staff works diligently to care for the vast system, we also invite volunteers to help keep our city beautiful and safe for the enjoyment of residents and visitors.

Whether you are an army of one or 100, we have ample opportunities to contribute to the well being and enhancement of our park system. The Adopt-a-Site program allows small businesses, community groups and civic-minded individuals to dedicate time, talent and treasure to the maintenance and development of Port Aransas' park system.

The program is flexible to suit your and your organization's capacity to contribute. From regularly scheduled clean-ups to building play equipment to planting flowers and other landscape enhancements, there is truly something or some place to pitch in and help.

The Adopt-a-Site program is a meaningful way for businesses, groups and volunteers to showcase their commitment to this community. In effort to herald this pledge and promote further adoptions, the Department will provide a sign at each adopted site acknowledging a group's contribution and commitment.

The first step towards adopting a site is completing the application (PDF file). Once you have selected a site and completed the application, submit a copy to the Parks and Recreation Office and the process towards adopting a site will begin thereafter.

Our park system, and the people who enjoy it, are vital components of Port Aransas. We hope you will help to build a vibrant community through volunteering.

We invite you **Live. Learn. Play!**
